# BEESAVENI RUPALI

beesavenirupali@gmail.com | +91-9390369835 | linkedin.com/in/rupali-beesaveni | github.com/beesavenirupali

Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning with experience in software development, deep learning, and data analysis. Proficient in C, C++, Python, and Java with hands-on experience in AI/ML projects, NLP, and computer vision. Passionate about building intelligent systems and solving real-world problems through technology.

## EDUCATION

Malla Reddy Engineering College for Women, Hyderabad (2021 – 2025)
B.Tech in Computer Science Engineering (AI & ML)
CGPA - 8.4/10

Aadithya Junior College (2019 – 2021)
Percentage - 79.8%

Alphores High School (2018 – 2019)
Percentage - 79.4%

## PROFESSIONAL EXPERIENCE

**EFA Tech Solutions – Associate Software Engineer (2025 – Present)**

- Contributing to the development of a Learning Management System (LMS).
- Involved in frontend and backend integration, improving system performance and usability.
- Worked on debugging, API integration, and feature enhancement.
- Collaborated with cross-functional teams to ensure smooth deployment and teting.

**Student Tribe – Growth Intern (2024 – 2025)**

- Expanded student community reach in Karimnagar through targeted outreach strategies.
- Organized events, awareness campaigns, and onboarding drives.
- Improved engagement metrics by actively coordinating with student groups.
- Strengthened leadership, communication, and organizational skills.

## PROJECTS

**Depression Detection Using Deep Learning (2024)**

- Developed a deep learning model integrating text, speech, and image inputs.
- Applied NLP techniques and CNN-based architectures for classification.
- Improved prediction accuracy by combining multi-modal data sources.
- Demonstrates strong understanding of deep learning, model fusion, and real-world AI applications.

**Ingredient Inspector (2023)**

- Built an application to analyze product labels using text processing techniques.
- Provided safety insights by detecting harmful ingredients.

• Implemented rule-based and ML approaches for classification.

• Focused on usability and real-time analysis.

## TECHNICAL SKILLS

**Programming Languages:**

Python, Java, C, C++

**Web Technologies:**

HTML, CSS, JavaScript, React.js

**AI/ML & Data Science:**

Machine Learning, Deep Learning, NLP, Computer Vision

Pandas, NumPy, OpenCV, Scikit-learn

**Core Computer Science:**

Object-Oriented Programming(OOPs)

Operating Systems (Basics)

Database Management Systems (DBMS)

**Tools & Technologies:**

Git, GitHub, VS Code, Jupyter Notebook

## SOFT SKILLS

• Problem Solving

• Analytical Thinking

• Leadership & Team Collaboration

• Time Management

• Adaptability

• Communication Skills

## CERTIFICATIONS

• Python for Data Science, AI & Development (IBM)

• Cambridge Empower Advanced C1 Certification

## ACHIEVEMENTS & RESPONSIBILITIES

• Led a team of 4 to successfully deliver a project ahead of schedule.

• NSS Coordinator – Organized and Managed social service initiatives.

• Represented state in Archery.

• Zonal-level player in Throwball & Athletics.
